

# Access and Flow

## **Measure - Dimension: Efficient**

| Indicator #1  | Туре | -                     | Source /<br>Period  | Current<br>Performance | Target | Target Justification                             | External Collaborators |
|---|------|-----------------------|---|------------------------|--------|--|------------------------|
| Rate of ED visits for modified list of<br>ambulatory care–sensitive<br>conditions* per 100 long-term care<br>residents. | Ο    | LTC home<br>residents | CIHI CCRS,<br>CIHI NACRS /<br>October 1st<br>2022 to<br>September<br>30th 2023<br>(Q3 to the<br>end of the<br>following Q2) | 12.50                  |        | Target based on improvement from<br>current data |                        |

#### **Change Ideas**

### Change Idea #1 SBAR Tool (Situation, Background, Assessment, Recommendation)

| Methods | Process measures | Target for process measure   | Comments |
|---------|------------------|--|----------|
|         |                  | 80% of ED transfers have completed<br>SBAR assessment and ED transfer<br>checklist by January 31, 2025 |          |

### Change Idea #2 ED visits will be tracked and trends reviewed on Point Click Care quarterly to identify resident who are frequent ED users and identify causes.

| lethods   | Process measures   | Target for process measure  | Comments |
|-----------|--|---|----------|
| ,         | Emergency department visits will be<br>tracked in the hospital tracking tab in | 100% of ED visits will be tracked (PCC)<br>and trends identified by January 31, |          |
| bot cause | Point Click Care and review quarterly  | and trends identified by January 31, 2025                                       |          |

# Experience

## Measure - Dimension: Patient-centred

| Indicator #2   | Туре | Source /<br>Period   | Current<br>Performance | Target | Target Justification   | External Collaborators |
|--|------|--|------------------------|--------|--|------------------------|
| Percentage of residents responding<br>positively to: "What number would<br>you use to rate how well the staff<br>listen to you?" | 0    | In house<br>data,<br>NHCAHPS<br>survey / Most<br>recent<br>consecutive<br>12-month<br>period | СВ                     |        | Target based on improvement over previous year's survey and trends |                        |

## Change Ideas

| Change Idea #1 Tracking of number of resident's and responses each time this is asked. Currently being as at both the Resident Choice Meeting on each home area and Resident Council. |  |  |          |  |  |  |
|---|--|--|----------|--|--|--|
| Methods   | Process measures                               | Target for process measure   | Comments |  |  |  |
| Number of resident responses at both meeting tracked and reviewed   | Number of concerns reviewed by leadership team | 100% Question will be asked at each meeting with follow up as required |          |  |  |  |
| Change Idea #2 Resident Bill of Rights Education via video for staff/residents/families   |  |  |          |  |  |  |
| Methods   | Process measures                               | Target for process measure   | Comments |  |  |  |
| Education via video provided by the<br>OARC received in 2024  | Number of education completed by               | 100% of staff 80% of resident/families                                 |          |  |  |  |

# Safety

# Measure - Dimension: Safe

| Indicator #3  | Туре | Source /<br>Period  | Current<br>Performance | Target | Target Justification                                       | External Collaborators |
|---|------|---|------------------------|--------|--|------------------------|
| Percentage of LTC home residents<br>who fell in the 30 days leading up to<br>their assessment | Ο    | CIHI CCRS /<br>July<br>2023–<br>September<br>2023 (Q2<br>2023/24),<br>with rolling 4-<br>quarter<br>average | 18.89                  | 15.00  | The Home would like to be below<br>the Provincial average. |                        |

## Change Ideas

### Change Idea #1 1. Implementation of new falls policy and Falling Leaves Program

| Methods  | Process measures  | Target for process measure   | Comments |
|--|---|--|----------|
| Education to staff/residents/families to be completed by December 31, 2024 | Education tracked by education rostered<br>for both families and staff, completion of<br>Surge learning modules | 100% of all staff will be trained by March<br>31, 2025 including new hires 100% of all<br>resident/families will be provided with<br>education on the new falls policy |          |

| Change Idea #2 Education of all staff                            |  |  |          |
|--|--|--|----------|
| Methods  | Process measures   | Target for process measure                     | Comments |
| Education provided through road shows and annual surge learning. | Education to be tracked through<br>education rosters for attendance as well<br>as completed on Surge | 100% of all staff trained by December 31, 2024 |          |

# Measure - Dimension: Safe

| Indicator #4  | Туре | Source /<br>Period  | Current<br>Performance | Target | Target Justification  | External Collaborators |
|---|------|---|------------------------|--------|---|------------------------|
| Percentage of LTC residents without<br>psychosis who were given<br>antipsychotic medication in the 7<br>days preceding their resident<br>assessment | Ο    | CIHI CCRS /<br>July<br>2023–<br>September<br>2023 (Q2<br>2023/24),<br>with rolling 4-<br>quarter<br>average | 23.60                  |        | The Home would like to be at or below the provincial average. |                        |

## Change Ideas

| Change Idea #1 Inter-professional multidisciplinary team will monitor risk of reduction of antipsychotic medication |  |   |          |  |  |  |
|---|--|---|----------|--|--|--|
| Methods   | Process measures   | Target for process measure  | Comments |  |  |  |
| Quarterly Reviews; Biweekly review with<br>Risk Management and Seniors Mental<br>Health Team.                       | Continued tracking of existing resident's<br>in the home using antipsychotic with<br>reduction plan to discontinued. | 75% started on reduction plan will continue with plan to discontinue. |          |  |  |  |
| Change Idea #2 NP to review all new admission medications for use of antipsychotics                                 |  |   |          |  |  |  |
| Methods   | Process measures   | Target for process measure  | Comments |  |  |  |
| Review admission orders and obtaining historical background of antipsychotic use.                                   | Number of new admissions medications reviewed  | 100% of all new admission medications will reviewed at admission      |          |  |  |  |

## 5 WORKPLAN QIP 2024/25

### Org ID 51011 | John Noble Home

## Change Idea #3 Quarterly medication review by the Medical Director for residents taking antipsychotic for possible reduction

| Methods                      | Process measures  | Target for process measure  | Comments |
|------------------------------|---|---|----------|
| Quarterly medication reviews | Number of residents trialed on reductior<br>plan will have antipsychotic medication<br>discontinued | <ul> <li>75% of residents trialed on reduction</li> <li>plan will have discontinued by March 31,</li> <li>2025</li> </ul> | ,        |
